Handlungsgrundlage	<p>Vierundvierzigste Verordnung zur Durchführung des Bundes-Immissionsschutzgesetzes (44.BImSchV):</p> <ul style="list-style-type: none"> • § 6 Registrierung von Feuerungsanlagen <p>Bundes-Immissionsschutzgesetz (BImSchG)</p>
Teaser	<p>As the operator of a combustion plant commissioned before 20 December 2018 (medium-sized combustion plant, gas turbine and internal combustion engine plant), you were obliged to notify the competent authority by 1 December 2023.</p>
Volltext	<p>As the operator of a combustion plant commissioned before 20 December 2018 (medium-sized combustion plant, gas turbine and internal combustion engine plant), you were obliged to notify the competent authority by 1 December 2023.</p>
Erforderliche Unterlagen	<ul style="list-style-type: none"> • Thermal input of the combustion plant (in megawatts); • Type of firing plant (diesel engine plant, gas turbine, dual-fuel engine plant, other engine plant, other firing plant); • Type of fuel used and respective share of total energy input; • Date of commissioning of the combustion plant; • the NACE code (classification of economic activities) to which the other activity is to be assigned: • expected number of annual operating hours of the combustion plant and average operating load; • if a scheme for installations with few operating hours is used: a declaration signed by the operator stating

Modul	Sachverhalt
	<p>that the combustion plant will not be in operation for more than the number of hours specified in those paragraphs;</p> <ul style="list-style-type: none"> • if an emergency operation scheme is used: a declaration signed by the operator stating that the combustion plant will only operate in an emergency; • Name and registered office of the operator and location of the installation with address; • Geo-coordinates of the chimney and height above ground.
Voraussetzungen	<p>The notification obligation applies to</p> <ol style="list-style-type: none"> 1. combustion plants subject to authorisation and combustion plants not subject to authorisation (medium-sized combustion plants, gas turbine and internal combustion engine plants) with a rated thermal input of at least 1 megawatt and less than 50 megawatts, regardless of which fuels or which types of fuel are used; 2. combustion plants subject to authorisation (medium-sized combustion plants, gas turbine and internal combustion engine plants) with a rated thermal input of less than 1 megawatt, irrespective of the fuels or types of fuels used; and 3. joint combustion plants pursuant to § 4 of the 44th BImSchV with a rated thermal input of at least 1 megawatt each, regardless of which fuels or which types of fuels are used, unless this combination forms a combustion plant with a rated thermal input of 50 megawatts or more, which falls under the scope of the Ordinance on Large Combustion Plants, Gas Turbine and Internal Combustion Engine Plants - 13th BImSchV. <p>The notification must contain the information specified in Annex 1 of the 44th BImSchV.</p>
Kosten	no
Verfahrensablauf	<p>The notification must be submitted electronically to the competent authority.</p> <p>The authority checks the notification formally and for completeness.</p>

Modul	Sachverhalt
	<p>If the notification is incomplete, the competent authority will notify you.</p> <p>Once the formal check has been passed, the competent authority enters the installation in the register of installations and informs you of the registration.</p>
Bearbeitungsdauer	
Frist	The operation of an existing plant was to be indicated until 1 December 2023.
