Volltext	<p>Strict requirements apply to the travel of pets such as dogs, cats and ferrets. The aim is to avoid the introduction of rabies. It is therefore important that you</p> <ul style="list-style-type: none"> • thoroughly inform yourself about the existing regulations of the various countries of travel before you start your journey and • also think about re-entry into Germany. <p>Animals that do not comply with the required regulations must be</p> <ul style="list-style-type: none"> • returned to the country of origin at the expense of the owner who imports them, or • be placed in official quarantine, usually in an animal shelter, for the duration of any measures ordered. <p>In the case of a suspected disease, even killing is permissible.</p> <p>The requirements for travelling and returning with pets depend on the respective country of travel.</p> <p>A distinction is made between</p> <ul style="list-style-type: none"> • Travel within the European Union, • Import of animals from listed third countries and • Import of animals from non-listed third countries. <p>As a rule, you will need for your pet</p> <ul style="list-style-type: none"> • effective rabies vaccination. Vaccination is possible for pets at the earliest at the age of 12 weeks.

Modul	Sachverhalt
	<ul style="list-style-type: none"> • Pet passport (with proof of rabies vaccination) • Identification by electronic transponder Until July 2011, identification by tattoo was permitted. This is still recognised for animals marked before this date. • Proof of the effectiveness of the rabies vaccination by determination of the vaccination titre (only for entry, also re-entry from non-listed third countries) • Observance of a waiting period of three months after vaccination titre determination before entry from non-listed third countries, does not apply to re-entries <p>Note: Further information on the requirements for importing pets into third countries (non-EU countries) must be obtained from the respective embassy in good time before travelling. For example, some countries require additional treatment against certain parasites.</p>
Erforderliche Unterlagen	<ul style="list-style-type: none"> • EU pet passport or analogous document proving rabies vaccination • if applicable, official veterinary certificate and proof of rabies vaccination titre determination
Voraussetzungen	<ul style="list-style-type: none"> • When travelling, the animals concerned must be accompanied by their owners or an authorised person. • The animals must not be intended for sale or for a transfer of ownership. • Maximum of 5 pets per person. • Minimum age of dogs and cats travelling within the EU and from listed third countries is 15 weeks. For entry from non-listed third countries, the following times are added for the rabies vaccination titer determination and the waiting period. • Entry for air travel via Border control posts or listed entry checkpoints (in Baden-Württemberg only Stuttgart Airport as a listed entry checkpoint).
Kosten	none
