| Volltext | <p>What is supported?</p> <p>Financial assistance for nature conservation measures in the landscape. The aim is to protect and maintain man-made landscapes. In particular, typical parts of the landscape and rare habitats are to be preserved or newly created, such as hedges, orchards, avenues and small bodies of water. The planning of landscape conservation measures and public information are also eligible for funding.</p> <p>Who is eligible for funding?</p> <p>Recipients of funding are landscape conservation associations in which municipalities or municipal associations, farmers and non-profit associations that focus on promoting the goals of nature conservation and landscape conservation have equal rights. and landscape conservation are represented on an equal footing. In accordance with their statutes, these associations must be dedicated to landscape conservation in a specific region, contribute to the development of rural areas through integrated strategies and have their registered office and area of activity in Mecklenburg-Vorpommern.</p> <p>How is funding provided?</p> <p>The grants are awarded within the framework of project funding as full funding in the form of a non-repayable subsidy. The amount of the grant is 100 percent of the amount determined by the eligible expenditure determined by the approval authority (full</p> |

Sachverhalt

application.

4. Depending on the planned project, the approval authority may require the submission of further documents if this is necessary for the decision on the approval of the grant.

5. Applications can be submitted throughout the year. The selection is made from all applications received in full by the respective deadline (March 31 and August 31).

Approval and selection procedure

1. The granting authority is the Mecklenburg-Vorpommern State Forestry Office
2. All complete applications that meet the funding requirements are evaluated and ranked according to defined selection criteria. Depending on the ranking, approval will be granted at the discretion of the authorities within the scope of available budget funds.

Disbursement procedure

1. Payment of the approved grant must be requested from the granting authority. Disbursement forms must be used for this purpose. These are available from the granting authority.
2. The original invoices and payment receipts must be attached to the disbursement request.
3. Payment is made after completion and inspection of the measure and after checking the original invoices and payment receipts submitted. The granting authority may grant payments on account before the measure has been fully completed after checking the original and payment receipts submitted.
