Teaser	Would you like to use a deregistered vehicle on the road? As the new owner, you can re-register it for road use.
Volltext	If you have purchased a vehicle and it is still deregistered, you must re-register it if you want to use it on the road. This is a re-registration to another owner if there has been a change of owner. You can apply for this in person at the registration authority responsible for you or have a representative do it for you. The license plate with the assigned license plate must be presented to the registration authority for stamping with a stamp sticker. The registration becomes effective when the allocated license plate has been stamped and the registration certificates have been issued.
