If the vehicle was purchased or leased on credit and the financing bank or lessor has received the vehicle registration certificate as security, the financing provider must be asked to send the document to the registration authority for amendment. The change can only be made once the document has been received by the authority. Once the change has been made, the new document (registration certificate part II) is sent back to the financing authority. If the old documents (vehicle registration certificate and vehicle registration document) are still issued for the vehicle, the changeover to the new documents (registration certificates Part I and II) will take place at the same time.
