## Sachverhalt

- The competent authority processes your registration and forwards it to the local authorities (police, health authority, regulatory authority) with comments if necessary; they provide feedback with possible indications of restrictive orders or threats to public safety that may justify such orders or a ban.
- As a rule, a cooperation meeting is held between the responsible authority/police and the organizer.
- Feedback from the authorities is examined separately and any cooperation at the place of assembly is decided.
- A confirmation of notification is then issued and sent back to the applicant.
- The application will be confirmed or a decision will be issued with restrictive orders or a ban. No fees will be charged.
- Notification at short notice up to 1 hour before the start of the assembly is possible.
- The responsible authority must be informed immediately of any significant changes to the details of the assembly. The responsible event management must be known for the confirmation of the notification or the notice of conditions.
