Volltext	<p>The placement of a childcare place with a childminder takes place in cooperation with the responsible local youth welfare organization.</p> <p>As of 01.01.2020, parents with their habitual residence in Mecklenburg-Vorpommern are exempt from paying parental contributions for child day care. This also includes parental contributions within child day care.</p> <p>From the age of one, children who are habitually resident in Mecklenburg-Vorpommern until they start school (crèche, kindergarten or day care) are entitled to 30 hours of day care per week. This is part-time support. Parents are free to make use of a shorter care period of 20 hours per week. If parents require a higher level of care, e.g. due to their job, they can apply to the relevant youth welfare office for full-time support of 50 hours per week.</p> <p>For children who have not yet reached the age of one, needs-based support in a daycare facility or with a childminder is also possible. Here too, parents must have their need confirmed by the responsible youth welfare office.</p> <p>From the age of three, support in child day care is still possible if there is a special need or as a supplement, but support in child day care facilities has priority. The responsible youth welfare office decides on the approval of child day care.</p>
