initial online information.

- For written requests for information, proof must be provided (reason for the request, proof of ownership or power of attorney).

****a) Online information:****

- Initially no documents required
- If no clear result (information on contaminated sites) can be determined, you must enter the contact information required to process your request in an online form and provide evidence of your legitimate interest (owner of the property/authorization, construction measures, planning, etc.).

****b) Written information:****

- informal request
- Specific name of the reason for the request
- Details of the property owner
- Exact name with address
- Enclose a power of attorney from the landowner if you do not own the land.

Voraussetzungen

In principle, no special requirements are initially necessary for the initial online information.

However, if no clear result (information on contaminated sites) can be determined from your online request, you must then enter the contact information required to process your request in an online form and prove your legitimate interest (owner of the property/authorization, construction measures, planning, etc.).

If you request information in writing, you must prove that you are the owner of the property for which you are requesting information from the register of contaminated sites. If you are not the owner, you must enclose a power of attorney from the landowner with the application.
