## Modul

## Sachverhalt

### Volltext

Engineers who are established in another member state of the European Union or in a state with equal status according to the law of the European Community as authorized to submit building documents are authorized to submit building documents without being registered in the "Register of authorized foreign submitters of building documents" if they have a comparable authorization and had to fulfill comparable requirements with regard to the qualifying university degree and the practical professional activity.

They must notify the Chamber of Engineers of Mecklenburg-Vorpommern in advance of their first activity as a person authorized to submit building documents from outside the state.

The Chamber of Engineers Mecklenburg-Western Pomerania has to confirm upon application that the notification has been made.

The notification is not necessary if a notification has already been made in another state; no further entry is made in the registers kept by the Chamber of Engineers Mecklenburg-Western Pomerania.

If you have been notified the Chamber of Engineers of Mecklenburg-Western Pomerania has certified upon application that you meet the prescribed requirements, you will be entered in the register of foreign persons authorized to submit building documents.
