(EEA) or Switzerland, you can also obtain a state permit from the competent authority in Germany.

In order to obtain the permit, you must have your foreign professional qualification recognized.

On January 1, 2023, the training of professions in medical technology was reformed in Germany. The new law on professions in medical technology applies. The profession on this basis is called medical technologist for veterinary medicine or medical technologist for veterinary medicine. There is a transitional period for the recognition of foreign professional qualifications on the basis of the old law on technical assistants in medicine. Until 31.12.2026, foreign professional qualifications may still be recognized as veterinary medical technical assistants on a transitional basis. The competent authority will advise you.

In the recognition procedure, the competent body compares your professional qualification from abroad with the German professional qualification and checks the equivalence. The equivalence of the professional qualification is an important prerequisite for the granting of the state permit.

In addition to the equivalence of the professional qualification, you must also meet other requirements for the permit to be issued. Further requirements include, for example, sufficient German language skills and health suitability.

If your professional qualification does not originate from the EU, the EEA or Switzerland, other regulations apply.

You can also apply for the procedure from abroad.

Erforderliche Unterlagen

- Proof of identity (identity card or passport)
 - Marriage certificate (if your name has changed due to marriage)
- Curriculum vitae
- Proof of your professional qualifications (e.g. certificates, professional certificate)

Modul

Sachverhalt

- Proof of training
- Proof of your relevant professional experience as a veterinary technical assistant
- Proof of other relevant knowledge for working as a veterinary technical assistant
- Perhaps: You come from a third country and do not yet live or work in the EU, the EEA or Switzerland? Then you must provide proof: You want to work in the profession in Germany. Proof includes, for example, applying for an entry visa for employment, job applications, invitations to job interviews, a business concept or a location note from the Central Service Agency for Professional Recognition (ZSBA).

You usually submit these documents later. The responsible office will inform you when you should submit the documents:

- Proof of your personal suitability: criminal record extract or certificate of good conduct from your country of origin. The certificate must not be older than 3 months at the time of application.
- Proof of your health suitability: Medical certificate. The certificate must not be older than 3 months at the time of application.
- Proof of your German language skills: Language certificate

The responsible office will let you know which documents you need to submit as a simple copy, a certified copy or the original.

Voraussetzungen

- You have a professional qualification as a veterinary medical-technical assistant from the EU, the EEA or Switzerland.
- You want to work in Germany as a veterinary medical-technical assistant.
- Personal suitability: You are reliable for work as a veterinary medical technical assistant and have no criminal record.

professional title "Veterinary medical technical assistant".

Are there any significant differences between your professional qualification and the German professional qualification? You may be able to compensate for the differences through your professional experience, other knowledge or skills (lifelong learning). You must provide evidence of your professional experience. Knowledge and skills must be certified by an authority in the country in which you acquired the knowledge or skills.

However, it may be that the significant differences cannot be compensated for by this knowledge. In this case, your foreign professional qualification will not be recognized. You will then not be allowed to work as a veterinary medical-technical assistant in Germany.

However, the competent authority will tell you the main differences and why you cannot compensate for the main differences with your professional experience.

In most cases, you can take a compensatory measure. This allows you to compensate for the main differences.

****Compensatory measures****

There are various compensatory measures:

- Adaptation course: The adaptation course lasts a maximum of three years.
- Aptitude test: In the aptitude test, only those areas in which significant differences have been identified are tested. The aptitude test is an interview.

You can choose between an adaptation period or an aptitude test.

If you successfully complete the compensation measure and meet all other requirements, you will

The equivalence assessment (recognition procedure) also takes place during the authorization procedure. You can apply for a separate decision on the result of the examination.

****Procedure for ethnic German repatriates****

As a late repatriate, you can go through the recognition procedure either in accordance with the laws mentioned here or in accordance with the Federal Expellee Act. You can decide for yourself. The responsible office will advise you on which procedure is right for you.

Rechtsbehelf

You can take legal action against the decision of the competent authority within a certain period of time (for example, by lodging an objection). The decision will then be reviewed. Details can be found in the information on legal remedies at the end of your decision. We recommend that you first speak to the responsible office before taking legal action against the decision.
