other requirements for the permit to be issued. Further requirements are, for example, sufficient German language skills and health suitability.

Erforderliche Unterlagen

The responsible office will tell you which documents you need to submit. Important documents are generally

- Proof of identity (identity card or passport)
- Marriage certificate (if your name has changed due to marriage)
- Curriculum vitae
- Proof of your professional qualifications (e.g. certificates, professional certificate)
- Proof of training
- Proof of your relevant professional experience as a surgical assistant
- Proof of other relevant knowledge for working as a surgical assistant
- You do not yet live or work in the EU, the EEA or Switzerland? Then you must provide proof: You want to work in the profession in Germany. Proof can be: Job applications, proof of your application for an entry visa for gainful employment or a business concept.

You usually submit these documents later. The responsible office will inform you when you should submit the documents:

- Proof of your personal suitability: criminal record extract or certificate of good conduct from your country of origin
- Proof of your health suitability: Medical certificate
- Proof of your German language skills: Language certificate at language level B2 according to the Common European Framework of Reference for Languages (CEFR)

Modul

Sachverhalt

The responsible office will let you know which documents you need to submit as a simple copy, a certified copy or the original.

Voraussetzungen

- You have a professional qualification as a surgical assistant from a third country.
 - You want to work in Germany as a surgical assistant.
 - Personal suitability: You are reliable for working as a surgical assistant and have no criminal record.
 - Health suitability: You are mentally and physically able to work as a surgical assistant.
 - You have German language skills at the required level. This is normally language level B2 according to the Common European Framework of Reference for Languages (CEFR).

Kosten

The responsible office will inform you of the costs. The costs generally depend on the time and effort required for processing.

Additional costs may also be incurred (e.g. for translations, certifications or compensatory measures). These costs vary from case to case.

Verfahrensablauf

****Application****

You submit an application for permission to use the professional title "surgical assistant" to the competent authority.

You can hand in the application with the documents to the relevant office or send it by post. Do not send any originals.

Sometimes you can also send the application electronically. The responsible office will inform you.

****Examination of equivalence****

The competent authority will then check whether you meet all the requirements. An important requirement is the equivalence of your professional qualification.

Modul

Sachverhalt

The competent body will compare your professional qualification with the German professional qualification as a surgical assistant. The professional qualification is equivalent if there are no significant differences between your foreign professional qualification and the German professional qualification.

****Possible results of the examination****

If your professional qualification is equivalent, your foreign professional qualification will be recognized. The competent authority can confirm the result in writing. You must still meet the other requirements and you will then receive permission to use the professional title "surgical assistant".

Are there any significant differences between your professional qualification and the German professional qualification? You may be able to compensate for the differences through your professional experience, other knowledge or skills (lifelong learning). You must provide evidence of your professional experience. Knowledge and skills must be certified by an authority in the country in which you acquired the knowledge or skills.

However, it may be that the significant differences cannot be compensated for by this knowledge. In this case, your foreign professional qualification will not be recognized. You will then not be allowed to work as a surgical assistant in Germany.

However, the competent authority will tell you the main differences and why you cannot compensate for the main differences with your professional experience.

In most cases, you can take a compensatory measure. This will allow you to compensate for the main differences.

****Compensatory measures****

If you successfully complete the compensation measure and meet all other requirements, you will receive permission to use the job title "surgical assistant".

Bearbeitungsdauer

3 Monat(e)
 The responsible office will inform you if any documents are missing. If the documents are complete, the procedure will take a maximum of 3 months.

There is no deadline. Sometimes documents are still missing from the procedure. The responsible office will then inform you by when you must submit the documents.
