professional requirements (proof of qualification) for practising the skilled crafts requiring a license. Both owners of a skilled crafts business and employed persons are eligible as management. Proof of qualification can be provided in the form of a master craftsman's certificate for the respective trade or an equivalent domestic or foreign professional qualification. For nationals of the EU, the EEA and Switzerland, there are special recognition regulations in this respect as part of a procedure for the granting of an exemption permit.

In principle, you can obtain an exemption permit by having your training certificates and/or professional experience recognized. The periods of professional experience to be proven can be shortened by providing proof of training in a skilled trade.

Note: Alternatively, professional qualifications can also be recognized on the basis of an equivalence assessment. This procedure is regulated in Section 50c of the Crafts Code (HwO) and applies regardless of nationality requirements and for all professional qualifications, regardless of where they were acquired.

## Erforderliche Unterlagen

- Application for exemption authorization for entry in the register of craftsmen
- Proof of professional experience and / or training qualification

## Voraussetzungen

- You must be a citizen or national of a member state of the European Union, the European Economic Area or Switzerland.
  - You have worked continuously for at least 6 years as a self-employed or self-employed person or as a person responsible for a business. You have not ended your activity more than 10 years before submitting your application.
  - You have been self-employed or self-employed for at least 3 consecutive years or have been responsible for a business. You have previously completed at least three years of training in the trade.
  - You have worked for at least 4 years without interruption as a self-employed or self-employed person or as a manager or manager of a business. You have previously completed at least two years of training in the trade.

**Sachverhalt**

- You have worked as a self-employed person for at least 3 years without interruption and as an employee for at least 5 years. You have not ended your activity more than 10 years before submitting your application.
- You have held a managerial position in a company for at least 5 consecutive years. Of these 5 years, your work was characterized by technical tasks and responsibility for at least one department of the company for at least 3 years. You have also completed at least three years of training in the trade.
- Recognition of professional experience:

**Kosten**

The specific fee can be found in the Chamber of Crafts' schedule of fees, which is available on the Chamber's website.

**Verfahrensablauf**
**Bearbeitungsdauer**

There are statutory deadlines for the exemption procedure. The competent authority must confirm receipt of the documents to applicants within one month and inform them whether any documents are missing. A decision on the application must be made no later than three months after submission of the complete documents. This period may be extended by one month if this is justified in individual cases, in particular due to the scope or the factual or legal difficulties of the case. It may then be necessary to take part in an adaptation period or pass an aptitude test.

**Frist**

You can only practice a craft requiring a license if you are entered in the register of craftsmen. An exemption permit must therefore be applied for in good time.
