It is recommended that you inform yourself in detail about the regulations of firearms law before submitting your application.

If you carry the weapon with you, you must have the firearms license with you and be able to identify yourself with an identity card or passport.

You will receive the firearms license for a maximum of 3 years. You can have the firearms license extended twice for a maximum of 3 years.

You may be refused a firearms license if you have not lived in Germany within the last 5 years.

If you move to another town or municipality, you do not have to have your firearms license transferred.

If you handle weapons and ammunition without the required firearms license, you could face a fine or imprisonment.
