Teaser	The person responsible for blasting with explosive substances must notify the competent authority of the blasting in writing. They must hold a permit in accordance with Section 7 of the Explosives Act.
Volltext	The person responsible for blasting with explosive substances must notify the competent authority of the blasting in writing. The person responsible must hold a permit in accordance with Section 7 of the Explosives Act. Blasting in facilities that are approved in accordance with Section 4 of the Federal Immission Control Act (e.g. in quarries) is exempt from the notification requirement.
Erforderliche Unterlagen	The notification must be made in writing in duplicate. The notification must state • Place, date and time of the blasting (in the case of several blasts, the period in which they are to be carried out), • the name and address of the persons responsible for the blasting and • the number, date and issuing authority of the valid permit in accordance with § 7 or § 27 of the Explosives Act and the valid certificate of competence in accordance with § 20 of the Explosives Act. The following information and documents must also be enclosed:

Modul

Sachverhalt

- Description of the blasting work in accordance with Type, procedure and scope of the blasting
 - technical blasting data, such as type and maximum quantity of explosives and detonators to be used per blast
 - Distance of the blasting sites from buildings and installations requiring special protection within a radius of at least 1,000 m, in particular from Hospitals, schools, old people's and children's homes, sports facilities and playgrounds
 - Security measures, in particular Cover rooms for employees, barriers along traffic routes and precautions to protect neighboring homes and workplaces against flying stones, vibrations, explosive plumes and noise
 - Scaled site plan (cordon plan) or documents with information on the distance of the blasting sites from traffic routes, residential and workplaces and public supply facilities within a radius of at least 300 m
 - if required: Calculation and planning documents
- Expert opinion

Voraussetzungen

Kosten

If the notification is made correctly, no fees will be charged.

Approval of exceptions to the obligation to notify or notification deadline: Tariff item 4.1 EUR 30.00 - 100.00.

Verfahrensablauf

Bearbeitungsdauer

Frist

The notification must • at least four weeks before the start of blasting if several blasts of the same type are to be carried out, and • at least one week before any other blasting (single blasting).

weiterführende Informationen

Hinweise

If changes to the content of the notification occur after the notification has been submitted, a notification of change is also required in duplicate. Untimely, incomplete or incorrect notifications are an offense
