with parking permit...free" or with signs 314/315 StVO with additional sign "Only residents with parking permit...".

The issue of a resident parking permit does not entitle the holder to a parking space.

Parking spaces reserved for severely disabled persons are excluded from the resident parking regulations.

Erforderliche Unterlagen

- Valid identity card or passport with current registration confirmation,
- Registration certificate Part I (vehicle registration certificate) or Part II (vehicle registration document),
- If applicable, written confirmation from the vehicle owner that a motor vehicle has been permanently transferred to the applicant if the applicant is not the owner of the vehicle.
- If the application is made by a representative: Power of attorney

Voraussetzungen

Resident parking permits are issued on application.

- The applicant must be registered in the residents' parking area and actually live there - the registered secondary residence may suffice (the decision on this is made by the local authorities in accordance with the statutes).
- Each resident only receives one parking permit for one vehicle registered to them as the owner or which they can prove they use permanently.
- Only in justified individual cases can several license plates be entered in one parking permit or the entry "changing vehicles" be made.
- If the resident is a member of a Car-Sharing organization, their name will be entered in the license plate field of the parking permit. The resident parking privilege then only applies to the parking of a vehicle of this organization that is clearly recognizable from the outside (inscription, sticker on the vehicle).

Further information can be obtained from the relevant authorities.
