**Teaser**

You would like to work as a geriatric nurse in Germany?  
 Then you need a state permit. To do this, you must  
 submit an application and have your foreign  
 professional qualification recognized.

**Volltext**

The profession of geriatric nurse is regulated in  
 Germany. This means that in order to work as a  
 geriatric nurse in Germany, you need a state permit.  
 With this permit, you may use the professional title  
 "geriatric nurse" and work in the profession.

Even with a professional qualification from the  
 European Union (EU), the European Economic Area  
 (EEA) or Switzerland, you can obtain the state permit  
 from the competent body in Germany. To obtain the  
 permit, you must have your foreign professional  
 qualification recognized.

On January 1, 2020, nursing education was reformed in  
 Germany and the new Nursing Professions Act applies.  
 There is a transition period for the recognition of  
 foreign professional qualifications based on the  
 Nursing Care Act. Under certain circumstances, your  
 foreign professional qualification can still be  
 recognized on a transitional basis under the old  
 Nursing Care for the Elderly Act until December 31,  
 2024. The responsible office will advise you.

In the recognition procedure, the competent body  
 compares your professional qualification from abroad  
 with the German professional qualification and checks  
 the equivalence. The equivalence of the professional  
 qualification is an important prerequisite for the  
 granting of the state permit.

In addition to the equivalence of the professional  
 qualification, you must fulfill other requirements for

## Modul

## Sachverhalt

the issuance of the permit. Further requirements are, for example, sufficient German language skills and health suitability.

If your professional qualification does not originate from the EU, the EEA or Switzerland, other regulations apply.

You can also submit the application for the procedure from abroad.

## Erforderliche Unterlagen

The responsible office will tell you what documents you need to submit. Important documents are generally:

- Proof of identity (identity card or passport)
- Marriage certificate (if your name has changed due to marriage)
- Curriculum vitae
- Proof of your professional qualification (for example, certificates, professional certificate)
- Proof of education
- Proof of your relevant work experience in a profession comparable to geriatric care
- Evidence of other relevant knowledge for working as a geriatric nurse
- Information about an application for recognition that has already been submitted. Then indicate the office to which you submitted the application.
- Do you still live or work in a third country, i.e. not in the EU, the EEA or Switzerland? Then you may have to prove that you have received a commitment from a healthcare and nursing facility to work as a nursing specialist in Germany.

You will usually hand in these documents later. The responsible office will inform you when you should hand in the documents:

- Proof of your personal suitability: criminal record extract or certificate of good conduct from your country of origin. The proof must not be older than 3 months at the time of application.

## Modul

## Sachverhalt

- Proof of your health suitability: Medical certificate. The certificate must not be older than 3 months at the time of application.
- Proof of your German language skills: Language certificate

The responsible office will inform you which documents you have to submit as a simple copy, as a certified copy or as an original.

## Voraussetzungen

- You have a comparable professional qualification as a geriatric nurse from the EU, the EEA or Switzerland.
- You want to work in Germany as a geriatric nurse.
- Personal suitability: You are reliable for work as a geriatric nurse and have no criminal record.
- Health suitability: You are mentally and physically able to work as a geriatric nurse.
- You have German language skills at the required level. This is usually language level B2 according to the Common European Framework of Reference for Languages (CEFR).

## Kosten

The procedure costs money. The responsible office will inform you about the costs. The costs often depend on the effort required for processing.

The fee range is at least 80.00 euros to 590.00 euros.

Additional costs may arise (for example, for translations, certifications or compensatory measures).

The costs vary individually.

## Verfahrensablauf

**\*\*Application\*\***

You submit an application for permission to use the professional title "geriatric nurse" to the competent body. You can hand in the application with the documents at the competent office or send it by mail. Do not send originals. Sometimes you can send the application electronically. The competent office will inform you.

## Modul

## Sachverhalt

### **\*\*Checking the equivalence\*\***

The competent body will then check whether you meet all the requirements. One important requirement is the equivalence of your professional qualification. The competent body compares your professional qualification from abroad with the German professional qualification as a geriatric nurse in accordance with the Nursing Professions Act or the Geriatric Care Act. The professional qualification is equivalent if there are no significant differences between your professional qualification and the German professional qualification.

### **\*\*Possible results of the equivalence test\*\***

If your professional qualification is equivalent, your foreign professional qualification will be recognized. The competent body can confirm the result to you in writing. You still have to fulfill the other requirements. Then you will receive permission to use the professional title "geriatric nurse".

Are there any significant differences between your professional qualification and the German professional qualification? You may be able to compensate for the differences through your professional experience, other knowledge, skills or competencies (lifelong learning). Knowledge, skills and competences must be certified by an authority of the state in which you acquired the knowledge, skills or competences.

However, it may be that your work experience, knowledge, skills or competencies cannot compensate for the substantial differences. In this case, the competent body will tell you the essential differences between your professional qualification and the German professional qualification and why you cannot compensate for these essential differences.

The competent body will also tell you compensatory measures you can take to make up for the substantial

## Modul

## Sachverhalt

differences. If you decide not to take compensatory measures, your professional qualification will not be recognized. Then you will not be allowed to work in Germany as a geriatric nurse.

### **\*\*Compensatory measures\*\***

There are different compensatory measures:

- Adaptation course: the adaptation course lasts a maximum of 3 years.
- Aptitude test: In the aptitude test, only the areas in which significant differences have been identified are tested. The aptitude test consists of a practical test combined with an examination interview.

You can usually choose between an adaptation course or an aptitude test.

If you successfully complete the compensatory measure and meet all other requirements, you will receive permission to use the occupational title "geriatric nurse".

## Bearbeitungsdauer

3 Monat(e)  
The competent body will inform you if any documents are missing. If the documents are complete, the procedure takes a maximum of 3 months.

## Frist

There is no deadline. Sometimes documents are still missing from the procedure. The responsible office will then inform you by when you have to submit the documents.

## weiterführende Informationen

## Hinweise

### **\*\*Freedom to provide services\*\***

You would like to offer services in Germany only sometimes and for a short time? Then you usually do

## Modul

## Sachverhalt

not need the state permission. You must meet these requirements:

- You must be established in another state of the EU, EEA or Switzerland.
- You must prove your professional qualification.
- You must notify the competent body of your activity in writing.

The competent body will inform you whether you are allowed to provide services or whether you have to pass an aptitude test.

**\*\*Equivalency notice\*\***

The equivalence examination (recognition procedure) also takes place in the permit procedure. You can apply for a separate decision on the result of the examination.

**\*\*Procedure for late repatriates\*\***

As a late repatriate, you can either go through the recognition procedure according to the laws mentioned here or according to the Federal Expellees Act. You can decide this yourself. The responsible office will advise you which procedure suits you.

## Rechtsbehelf
