Teaser	There is a legal obligation to report the trade in and import of plant protection products. If you wish to engage in this activity in Thuringia, notify the competent authority here.
Volltext	<p>The trade in plant protection products (placing on the market or import) must be reported. The activity must be reported to the authority responsible for the place of business and the place of activity. This also includes online and mail-order trade in plant protection products. The information must be provided separately for the registered office/company headquarters as well as for each branch office/branch. Notifiable activities in Thuringia must be reported to the Thuringian State Office for Agriculture and Rural Areas (TLLLR).</p> <p>Furthermore, only qualified persons who have the necessary reliability and the required technical knowledge and skills and who have provided proof of these to the authorities are allowed to sell and distribute plant protection products. Changes to the group of persons and those affecting the company details as well as the termination of the notifiable activity must also be reported immediately.</p> <p>If all requirements and information are fulfilled, the official registration for the trade with or import of plant</p>
