Teaser	Were you, your child or another close family member in the ascending or descending line of descent born abroad? Then you can have the birth subsequently certified in the birth register at the registry office responsible for you.
Volltext	If you or a close family member in an ascending or descending line of descent was born abroad, you can apply for subsequent certification of the birth in the birth register at the registry office in Germany. You apply for the certification at the registry office that is responsible for your German place of residence or the German place of residence of the person entitled to apply. If neither a current nor a former German place of residence can be determined, you can apply for certification at your competent German mission abroad or at the Berlin I registry office. You are not obliged to have the birth subsequently certified. Birth certificates from abroad are often recognized in Germany as long as their authenticity is beyond question.

- If applicable, other documents with proof of authenticity and, if applicable, translation, depending on the individual case.

You must submit all documents in the original.

Voraussetzungen

- You have German citizenship, are stateless or a recognized refugee whose habitual residence is in Germany.
