Volltext	<p>School transportation is the necessary transportation of pupils on their way to school. There is an entitlement to school transport</p> <ul style="list-style-type: none"> • for pupils of the elementary school and the special school up to grade 4 with a school route of at least two kilometers, • for pupils of regular schools, grammar schools, comprehensive schools and special schools from grade 5 onwards and for pupils of basic vocational training years, vocational preparation years, two-year technical secondary schools and vocational schools that do not offer vocational qualifications, for a distance of at least three kilometers to school. <p>A minimum limit does not apply if the route to school poses a particular risk to the safety and health of the pupils or if pupils have to be transported because of a permanent or temporary disability. From grade 11 of the Gymnasium including special schools and classes as well as the three-year gymnasiale Oberstufe associated with the comprehensive school or a school according to § 4 (4) ThürSchulG, parents, or in the case of students of full age, the students themselves, may contribute to the transportation costs. This also applies to students of the vocational high school, the two-year technical high school and those vocational schools that do not provide a vocational qualification. The transport</p>
