Hinweise	Due to the 3rd EU Driving License Directive, all driving licenses issued before January 19, 2013 must be exchanged for the new EU driving license by 2033. Staggered deadlines apply in Germany for the exchange of driving licenses. The final deadline is January 19, 2033, but depending on the year of birth or year of issue, the obligation to exchange may apply earlier. In view of the many millions of driving license holders, the staggered deadlines are intended to avoid overloading the authorities and long waiting times. https://www.gesetze-im-internet.de/fev_2010/anlage_8_e.html https://www.gesetze-im-internet.de/fev_2010/anlage_8_e.html
