### Hinweise

The previous residence titles in passports and passport replacement documents will remain valid until 31.08.2021 at the latest.

There will be **\*\*no exchange of\*\*** old residence titles in label form into the new electronic residence title. This means that all previous residence titles will remain valid until the expiry of the time limit, until the new passport is issued or renewed. An electronic residence title will only be ordered when the extension is applied for or the residence title is transferred.

Since the competent authority issues the electronic residence title, but no longer issues it itself, the residence title can no longer be extended directly by the competent authority at the time of the visit. This regulation also applies to passport transfers.
