Sachverhalt

Voraussetzungen

The properties or entire complexes whose monument value is to be examined by the monument authority on request should have been built before 1990 and have demonstrable architectural and/or urban qualities and historical or scientific significance.

The requests can concern buildings of various types. Examples include the following:

- Buildings of all types and functions,
- historic green spaces,
- urban quarters,
- town centers,
- hydraulic engineering facilities,
- technical facilities,
- military objects and facilities and much more.

Kosten

There are no fees.

Verfahrensablauf

- Receipt of a request for a review of the monument value (regarding a possible deletion, re-registration or change of the existing protection status) by e-mail or letter to the monument authority
 - Initiation of an examination procedure to check and clarify the monument value by the monument authority. The applicant and the Lower Monument Protection Authority will be informed in writing.
 - In the case of already protected cultural monuments, internal search for available, archived data and documents on the property
 - If necessary, arrangement of a site visit via the responsible lower monument protection authority for inspection and discussions on site

As soon as the inspection case is filed with sufficient knowledge of the property as well as analog and digital documents and data:

- Systematic preparation of the enquiry/inspection case for the departmental meeting. This includes viewing the photos, data and documents, literature
- Conducting a monument commission with the participation of the scientific staff from the Inventory

department and the responsible area consultant from Practical Monument Conservation with expert discussion and subsequent monument decision

- Written information about the result of the review of the monument value to the responsible lower monument protection authority by email/letter and to the applicant
- The monument justification also initiates the procedure for entry in the list of monuments and the consultation process (consultation with the municipality)
- The responsible lower monument protection authority handles the consultation process
- After the consultation process has been completed (but after 6 months at the latest), the cultural monument is added to the list of monuments by the monument protection authority
- The updated list of monuments is then forwarded to the responsible lower monument protection authority and posted on the homepage of the State Monument Preservation Directorate
