Volltext	<p>You can apply to have the hereditary building register corrected if there is an inaccuracy in the land register. This is the case if the person entitled to the heritable building right has changed and the true heritable building right holder is not yet apparent from the heritable building register, e.g. in the case of an inheritance. This does not include cases where there has merely been a change of name (e.g. due to marriage).</p> <p>Further documents must be submitted to the relevant land registry office with the application. If the land registry considers the land register inaccuracy to be proven, the land register entry will be corrected accordingly.</p>

Kosten

(as of November 2020)

min. EUR 15 - max. EUR 26,585 (with a maximum transaction value of EUR 60,000,000): The land registry generally charges a full fee for the corrective entry of a leasehold owner or a leaseholder. The specific amount of the fee depends on the transaction value (value of the heritable building right).

However, the fee for registration is not charged if the heir or heirs of the registered heritable building right holder submit the application for registration to the land registry within two years of the inheritance.

In addition to the costs for the work of the land registry, costs may also be incurred for the work of the notary in accordance with the German Court and Notary Costs Act (GNotKG). Please ask the notary working on your case for the amount of the notary fees. Information and examples of notary fees can also be found on the website of the Federal Chamber of Notaries (link see further information).
