You apply for recognition of your advanced training designation as a specialist pharmacist at the responsible state chamber of pharmacists:

- First, submit your application and the required documents to the Chamber of Pharmacists of the state in which you wish to work.
- If necessary, you will be asked to submit any missing documents.
- The responsible office will check whether your professional qualification is equivalent. The professional qualification is equivalent if there are no significant differences between your foreign professional qualification and the German professional qualification.

- If your qualification as a specialist pharmacist is recognized, you can work in the profession in Germany. You will receive a notification.

If significant differences are found, the equivalence of your qualification as a specialist pharmacist will not be certified:

- You can take an examination to prove the missing knowledge.
- If you pass the exam, you will receive recognition. You may then use the title "Fachapothekerin" or "Fachapotheker" for your specialization.
