Modul

Sachverhalt

To apply for an equivalence assessment, you must identify a German training qualification or further training qualification. This is the so-called reference occupation. It must match your foreign professional qualification. You should therefore seek advice before submitting your application. When assessing equivalence, the competent authority will compare your qualification with a specific German qualification. Important criteria for the comparison are the content and duration of the training.

You will receive a decision on the outcome of the procedure. The decision will state any existing and any missing professional qualifications. The decision enables employers to better assess your professional qualifications.

You can also apply for equivalence assessment from abroad.

Erforderliche Unterlagen

The responsible office will tell you which documents you need to submit. Important documents are generally

- Proof of identity (identity card or passport)
- Marriage certificate (if your name has changed due to marriage)
- Curriculum vitae
- Proof of your professional qualifications (e.g. certificates, professional certificate)
- Proof of training
- Proof of your relevant professional experience
- Proof of other relevant knowledge for the job
- Have you already submitted an application for equivalence assessment? If so, please state the body to which you submitted the application.
- Perhaps: You come from a third country and do not yet live or work in the EU, the EEA or Switzerland? Then you must provide proof: You want to work in the profession in Germany. Proof can be, for example, applications for a job, invitations to job interviews or a location note from the Central Service Center for Professional Recognition (ZSBA).

The responsible office will tell you which documents

you need to submit as a simple copy, a certified copy or the original. If your documents are not in German, you must submit German translations of your documents. The translations must be made by translators who are publicly appointed or authorized.

You may have to submit further documents during the recognition procedure. The responsible office will inform you.

Voraussetzungen

- You have a state-recognized professional qualification from abroad.
- Your qualification must match a German training qualification or further training qualification in the field of agriculture.
- You want to work in Germany.

Kosten

The costs generally depend on the time and effort required for processing. Additional costs may also be incurred (e.g. for translations or notarizations). These costs vary from case to case.

Verfahrensablauf

Application

You submit an application for equivalence assessment to the competent body. You can submit the application with the documents to the relevant office, send it by post or upload it electronically. Do not send any originals.

Examination of equivalence

The competent body will then check: Is your professional qualification equivalent to the German professional qualification? The competent authority will compare the qualifications using certain criteria. Important criteria are the content and duration of the training. The competent body also takes your professional experience, your other certificates of competence and qualifications into account when assessing equivalence.

Possible results of the examination

You will receive a notification with the result of the

You will receive recognition if your professional qualification and the German professional qualification are equivalent.</p> <p>Sometimes there are significant differences between the professional qualifications. The differences are listed in your notification. You can use this decision to gain further qualifications and later submit a new application for equivalence assessment.</p> <p>If your professional qualification is not equivalent at all, you will not receive recognition.</p>
Bearbeitungsdauer	<p>3 Monat(e)</p> <p>The responsible office will inform you if any documents are missing. If the documents are complete, the procedure will take a maximum of 3 months.</p>
Frist	<p>There is no deadline. Sometimes documents are still missing from the procedure. The responsible office will then inform you by when you must submit the documents.</p>

You can decide for yourself. The responsible office will advise you which procedure is right for you.</p> <p>Qualification analysis</p> <p>You no longer have all the documents required for the application?
