Hinweise	<p>According to the Higher Education Act, foreign higher education entrance qualifications of persons applying for a course of study are recognised by the respective higher education institution for access to the desired course of study. Contact details can be found on the website of the Ministry responsible for higher education (see below). This applies regardless of whether the applicant's place of residence is within or outside Rhineland-Palatinate and regardless of their nationality.</p>

Sachverhalt

However, this recognition takes place exclusively in relation to the chosen course of study, i.e. the higher education institution checks whether the applicant has the general and specific admission requirements for the chosen course of study and, if necessary, he or she is admitted to the course in question.

A general recognition of the university entrance qualification, on the other hand, does not take place by the university, i.e. the applicant does not receive a certificate from the university confirming the equivalence with, for example, the German Abitur in general.

Such "general" recognition, which applies nationwide, is granted to applicants residing in Rhineland-Palatinate by the Supervisory and Services Directorate (ADD) Trier.
