The scope of care varies from state to state.

**Erforderliche Unterlagen**
**Voraussetzungen**

A child who is 1 year old or older is entitled to early childhood education in a daycare facility or in a daycare center until his or her 3rd birthday.

If both parents are unable to care for their child themselves, children under 1 year of age may already be entitled to early childhood support. This is the case, for example, if both parents work.

From the child's 3rd birthday until he or she starts school, the child is entitled to support in a daycare facility.

**Kosten**

The amount of your costs will depend, among other things, on your income, the size of your household, and the amount of care you receive.

**Verfahrensablauf**

Parents should contact the responsible office in good time to find out whether there are any free childcare places.

Personal contact or getting to know each other personally between you and the KiTa makes sense and is usually possible. Many facilities offer an opportunity to get to know their facility prior to registration.

After registration, the available places are allocated according to the locally specified rules.
