Volltext

Events for which public roads are used more than usual require permission. In particular, these are:

- * motorsport events with motor vehicles, vintage cars or motorcycles
- * Bicycle races, bike tours, triathlon events, folk walks and races
- * Journeys in a closed convoy
- * Removals
- * Street festivals, traditional events, markets
- *

Racing with motor vehicles on public roads is prohibited.

****Preconditions****

Permission or exemption may only be granted for events organized and responsibly carried out by an organizer. The organizer must guarantee that the event will be carried out in accordance with the conditions and requirements of the licensing authority. A permit or exemption shall be granted upon written request. The road traffic authority examines the application and the submitted documents and hears the bodies to be involved (police and road construction authorities, forestry and nature conservation authorities). The permit or exemption may be subject to conditions and obligations and to orders for traffic regulation and

traffic-restricting measures. These measures will be coordinated in advance with the organizer.

Exceptions to prohibitions or limitations are possible in certain individual cases or generally for certain applicants. An exception may be granted only in cases of special urgency. Traffic safety must not be affected by the exemption. If necessary, this will be ensured by appropriate requirements and conditions.
