Teaser	If you want to set up and operate a plant that could damage the environment or endanger the general public, you need a permit under immission control law.
Volltext	<p>Due to their nature or operation, installations can cause harmful environmental effects or otherwise endanger, significantly disadvantage or significantly inconvenience the general public or the neighborhood.</p> <p>If you want to set up and operate such a facility, you need a permit from the competent authority.</p> <p>Stationary waste disposal facilities for the storage or treatment of waste are also subject to approval.</p>
Erforderliche Unterlagen	

Modul	Sachverhalt
Voraussetzungen	
Kosten	
Verfahrensablauf	<p>The approval procedure requires a written application, which must be accompanied by the drawings, explanations and other documents required to check the approval requirements. If the application is complete, it must be published together with the documents and then displayed for one month.</p> <p>In simplified approval procedures or if public participation is waived, there is no public display and no discussion meeting takes place. At the latest at the same time as the public announcement of the project, the approval authority requests the authorities to be involved to submit their comments on the approval requirements within one month. If there are objections, these can be discussed with you and those who have raised the objections at a public meeting.</p> <p>Once the licensing authority has determined all the circumstances that are relevant to the granting of a license, a decision on the application must be made - generally within 7 months of the license application being complete, or within 3 months in the simplified procedure. The approval notice must be justified in writing and will be sent to you and the persons who have raised objections. The notification of the approval notice to objectors can be replaced by a public announcement.</p>
Bearbeitungsdauer	
Frist	You must apply to the competent authority before installing and operating the system.
