Teaser	
Volltext	Anyone wishing to bring pathogens into Germany for the first time, to export, store, deliver or work with them must notify the competent authority at least 30 days before they are admitted. If the notification of activity with pathogens has already been laid down in another procedure regulated by federal law, reference can be made to the documents submitted there. All activities involving pathogens must be reported to the competent authority, regardless of whether they do not require a permit or require a permit. The competent authority shall be notified: • the nature and scope of the intended activity • the nature of rooms and facilities, and • the disposal measures The termination or resumption of the activity must also be notified. Further information on the topic of "Activities with pathogens" can be found in the following services: • Activities with pathogens • Activities with pathogens permit
Erforderliche Unterlagen	• Certified copy of the permit in accordance with § 44 of the Infection Protection Act (IfSG), if issued by another competent authority https://www.gesetze-im-internet.de/ifsg/_44.html
