Teaser	
Volltext	Anyone who has already received a permit to work with pathogens and has notified the first commencement of the activity is obliged to notify the competent authority immediately if • significant changes are made in the nature and scope of the activity, the nature of the rooms and facilities or the disposal measures, • terminates the activity with pathogens, or • activity with pathogens is resumed. Even if there is no permit requirement, changes to the activity must be notified. Persons who carry out microbiological examinations for the purpose of diagnosing their own patients are exempt from the permit requirement. These are, for example: • Doctors, • dentists and • Veterinarians. Anyone who works under the supervision of a person who has a permit or is exempt from the permit requirement does not have to report a change in activity. Further information on the topic of "Activities with pathogens" can be found in the following services: • Activities with pathogens Advertisement
