Verfahrensablauf

For recognition, the competent authority checks on the basis of your certificates whether or to what extent your foreign qualification corresponds to a German qualification for the profession of veterinary technical assistant. This review is based on defined formal criteria, such as the content and duration of the training. Your relevant professional experience will be taken into account as well as other relevant qualifications. For academic qualifications, you can apply for an assessment by the Central Office for Foreign Education (ZAB).

Further information can be found on the portal "Recognition in Germany". This internet portal provides quick and easy answers to questions about recognition, for example:
