Teaser	As a person established abroad, you must report the first provision of your service under the designation "engineer" in Lower Saxony to the Lower Saxony Chamber of Engineers.
Volltext	The use of the professional title "engineer" is protected in Lower Saxony. If you have neither a place of residence nor a professional establishment in Germany and would like to work temporarily and occasionally under the professional title "engineer" in Lower Saxony for the first time, you must report this activity.
Erforderliche Unterlagen	<ul style="list-style-type: none"> • Proof of a university degree • Certificate of establishment as an engineer and non-prohibition of practising the profession • Proof of professional practice of at least one year, if profession is not regulated in the place of establishment
Voraussetzungen	<ul style="list-style-type: none"> • Proof of professional qualification • Certificate of establishment as an engineer and non-prohibition of practising the profession • Proof of professional practice of at least one year, if profession is not regulated in the place of establishment • the reliability required for the profession of engineer

Verfahrensablauf	<ul style="list-style-type: none"> • Download the form online and print it. • Fill out the form and add the necessary supporting documents. • Submit the application documents to the Lower Saxony Chamber of Engineers
Bearbeitungsdauer	<ul style="list-style-type: none"> • A maximum of two months after receipt of the complete documents • Exception for EU qualifications: if proven professional qualification falls short of that required under § 6 NIngG
Frist	None
weiterführende Informationen	
Hinweise	<ul style="list-style-type: none"> • The notification necessarily entails entry in the register of foreign engineers. • If one year has passed since the last notification and the service provider still intends to provide services in Lower Saxony and to use the professional title "engineer", he or she must notify the Chamber of Engineers. If the situation certified in the documents submitted so far has changed significantly, the service provider must report this by submitting the relevant documents. • If significant differences in professional qualifications are found in a degree from an EU member state, these can be remedied by compensatory measures. <p> https://www.ingenieurkammer.de https://www.ingenieurkammer.de </p>
Rechtsbehelf	Administrative court action
Kurztext	<ul style="list-style-type: none"> • First notification before the service is provided under the designation "engineer" from abroad (EU) • Persons who are established abroad • Provision of services under the designation "engineer" • first-time display • Responsible: Lower Saxony Chamber of Engineers
