Verfahrensablauf

- Inform the competent authority in person or in writing that you are taking up self-employment in agriculture or forestry.
- It is advisable to check with the municipal or city administration beforehand whether forms are available for the notification.
- The municipal or city administration informs your local tax office about the commencement of employment. This does not release you from your obligation to submit a questionnaire for tax registration.
- You must complete the questionnaire for tax registration online - at Mein ELSTER (www.elster.de) or using commercial tax software. Make tax registration with Mein ELSTER (www.elster.de) online:
 - Log in to www.elster.de with your ELSTER user account. Note: If you do not yet have an ELSTER user account, you must first register. For the submission of the questionnaires for tax registration, registration with an e-mail address is sufficient. After issuing your tax number, you can then upgrade the user account to a full-fledged user account. Information about registration can be found in the help of Mein ELSTER. This is already on the start page (www.elster.de) in the header. You can also watch the video "Registration with My ELSTER" here .
 - Then select the options "All forms" and "Questionnaire for tax registration" under the "Forms & Services" tab. Then click on the tax registration questionnaire that is relevant to you.
 - Navigate through the menu of the form and fill in all the necessary information. If necessary, upload the required documents. Once everything has been recorded, you can use the "Check" tab to check the information for discrepancies. If everything is correct, submit the questionnaire. You will then receive a shipping confirmation.
