Teaser	If you are a racing club, organize horse races and want to place bets, you need permission to operate a totalizator.
Volltext	If you are a racing or horse breeding club and wish to operate a totalizator at the racecourse on the occasion of public performance tests for horses, you will require a totalizator permit in accordance with the Racing Betting and Lotteries Act. In totalizator betting, the bettors bet against each other and not against a bookmaker. The totalizator is a procedure by which the respective odds are continuously determined from all bets placed in the run-up to the start of the race and the proper distribution of winnings is carried out after the end of the race. Bets can be placed at the totalizer on the racecourse, but also at betting offices outside the racecourse. A small share of the betting proceeds goes directly to the racing club, which must use it exclusively for the benefit of the state horse breeding and for the
