Teaser	The approval of the tariffs for local rail passenger transport must be applied for at the Lower Saxony Ministry of Economic Affairs, Transport, Building and Digitalisation.
Volltext	Public railway undertakings are obliged to set tariffs for local rail passenger transport. Tariffs are transport charges and conditions of carriage without the prior authorisation of which rail transport services may not be provided. Fares must include the charges or all the information necessary for calculating the charge for the carriage of passengers and ancillary passenger services, as well as any other provisions governing the carriage. Tariffs must be applied to everyone in the same way. The railway undertakings as well as the transport and tariff associations based in Lower Saxony submit a tariff application for the conditions of carriage or their amendment to the Lower Saxony Ministry of Economic Affairs, Transport, Construction and Digitalisation, which will be decided on within 6 weeks.
