3. Economy.

You will not be able to graduate from school in **grade 1**. You will receive additional encouragement and support in this class. After that, you can transfer to class 2 or start an apprenticeship. At the end of grade 1 you will receive a certificate. With this you can get a recommendation for class 2.

In **Class 2**, you have these two options:

1. acquire the main school degree, or
2. improve the lower secondary school leaving certificate.

If you come from grade 9, you will be advised in an introductory meeting at the vocational school.

In this interview, the vocational school will decide whether you can go directly to grade 2.

In the **Language and Integration class** you will learn the German language. You will not be able to complete a secondary school diploma in this class. But you can get a recommendation for class 2.

If you have a written commitment to participate in an **entry-level qualification (EQ)**, you can attend **Class 2** or the Language/Integration class on a part-time basis.

With an **EQ**, you have about 12 hours per week in the vocational school and the other time you do a paid internship in the company.

You can also acquire or improve your secondary school leaving certificate in **grade 2** on a part-time basis.

In the **Language/Integration class**, you have the opportunity to improve your German language or to receive special educational support.
