Under certain conditions, you can view the list of debtors online in the Joint Enforcement Portal of the Länder.

Volltext

In the so-called list of debtors, personal data of debtors are entered who have not complied with the obligation to submit the asset report, who have submitted an asset report and it is clear from the list of assets that a repayment of the debts is not possible in full, who, according to the content of the list of assets, could repay the debts in full, but have not proven full repayment within one month, whose insolvency proceedings have been rejected due to lack of assets or whose discharge of residual debt has been rejected or revoked.

You can only consult the list of debtors online via the Joint Enforcement Protocol of the Länder, for example:

Inspection of the list of debtors at the District Court of Goslar (cf. https://amtsgericht-goslar.niedersachsen.de/startseite/wir_uber_uns/zentrales_vollstreckungsgericht/aufgaben_und_zustandigkeiten/aufgaben-und-zustaendigkeiten-des-zentralen-vollstreckungsgericht-niedersachsen-111756.html [A1])

The possibilities of viewing and consigning to the list of debtors and assets depend on the respective status of the user.

Anyone as a user (private individuals, lawyers, etc.):

- As of 01.01.2013, the maintenance of the debtor register is centralised and automated. Due to the new, nationwide publicity of the debtor directory, it is provided in a portal so that creditors can obtain information about any entries in the central debtor registers of the entire federal territory. As before, access to the central register of debtors will be permitted to anyone who demonstrates a legitimate interest in doing so. Such an interest may consist in the fact that you would like to find out in advance what the chances of success are in order to carry out enforcement proceedings. Otherwise, a right of inspection only exists for authorities that provide public services or prosecute criminal offences. Registration and access to the enforcement portal for persons without internet access can also be carried out via inspection PCs in the respective district courts. The portal for inspection can be accessed at: [Enforcement portal](<https://www.vollstreckungsportal.de/zponf/allg/willkommen.jsf;jsessionid=AxMSBectzg3eF81KTM7eWgUg.sb2-itd-117>).

directly as electronic documents in the nationwide enforcement portal and can also be accessed there directly as electronic documents for selected bodies (e.g. enforcement authorities). Access to the list of debtors is granted only to registered users. The prerequisite for inspecting the list of debtors and retrieving the asset information is the registration of the respective authority with the central enforcement court. The Central Enforcement Court then manages the relevant users. Registration takes place via an application form, which you can find under "[Applications/User Aids](https://amtsgericht-goslar.niedersachsen.de/startseite/wir_uber_uns/zentrales_vollstreckungsgericht/formulare_antrage/antrage-leitfaden-behordenregistrierung-111757.html)".

Authority as executing body (consignor and inspector):

- As of 01.01.2013, the maintenance of the debtor register is centralised and automated. From 01.01.2013, the registration order in the register of debtors and asset information to the central enforcement court will be submitted exclusively in electronic form via the electronic court and administrative mailbox (EGVP). The asset information provided by the debtors is managed directly as electronic documents in the nationwide enforcement portal and can also be accessed there directly as electronic documents for selected bodies (e.g. enforcement authorities). Registration takes place via an application form, which you can find under "[Applications/User Aids](https://amtsgericht-goslar.niedersachsen.de/startseite/wir_uber_uns/zentrales_vollstreckungsgericht/formulare_antrage/antrage-leitfaden-behordenregistrierung-111757.html)".
