Teaser	As the operator of a waste incineration plant or a combustion plant in which you co-incinerate waste, you must continuously determine, record and evaluate pollutant emissions through continuous measurements.
Volltext	If you operate a waste incineration plant or a combustion plant in which you co-incinerate waste, you must continuously determine, record and evaluate pollutant emissions through continuous measurements. You must prepare a measurement report on the results of the continuous measurements and send it to the responsible immission control authority.
Erforderliche Unterlagen	Full measurement report
Voraussetzungen	• You are the operator of a plant for waste incineration or waste co-incineration that requires a permit. • You have put your system into operation.
Kosten	Gebühr: Es fallen keine Kosten an

Modul	Sachverhalt
Verfahrensablauf	• They evaluate the continuous measurements of each calendar year. • You create a measurement report on the results. • You send the measurement report to the immission control authority responsible for you in due time.
Bearbeitungsdauer	
Frist	• You must submit the measurement report for each calendar year to the responsible immission control authority by 31 March of the following year at the latest. • You must keep the measurement report and the records of the measuring instruments for at least 5 years after the end of the respective reporting period.
weiterführende Informationen	You can use the following website to search for accredited measuring institutes that are responsible for the measuring instruments you use: • certify that the installation has been carried out correctly, • perform the calibration, • check the functionality. https://www.resymesa.de/resymesa/Allgemein https://www.resymesa.de/resymesa/Allgemein
Hinweise	You are committing an administrative offence if you: • do not carry out continuous measurements, • fails to submit the measurement report in time, • do not keep the measurement report and the records of the measuring instruments for at least 5 years.
Rechtsbehelf	None. The administrative service is a real act against which no legal remedy is possible.
Kurztext	• Measurement report on continuous measurements of air pollutants Receipt at plants for the incineration and co-incineration of waste • Operator of: waste incineration plants or Combustion plants in which waste is co-incinerated must continuously determine, record and evaluate the pollutant emissions of the plants by means of continuous measurements.

Modul

Sachverhalt

- The operator must prepare a measurement report on the results of the continuous measurements for each calendar year.
- The measurement report must be submitted to the competent immission control authority by 31 March of the following year at the latest.
- The operator must keep the measurement report and records of the measuring instruments for 5 years after the end of the respective reporting period.
- Responsible: competent immission control authority
