You will receive a contribution to the costs of further training regardless of your income and, in the case of full-time measures, an additional contribution to your living expenses depending on your income. Funding is provided by natural persons, not companies.

Hinweise	<p>The funding consists proportionately of a grant and a loan. As the granting authority, the competent authority decides on the amount of the loan and on the amount of the subsidy portion of the measure or maintenance contribution, as well as on the duration during which a maintenance loan is granted for the examination preparation period.</p> <p>Loan offer: The Kreditanstalt für Wiederaufbau (KfW) sends the beneficiary a concrete loan offer in the amount of the loan entitlement stated in the approval notice. In a private-law framework loan agreement with KfW, the beneficiaries can determine whether and to what extent they want to make use of the offer.</p> <p>Accepting the loan is strongly recommended, as this is the only way to ensure that the loan can be forgiven</p>
