Teaser	Here you will find information on pharmaceutical education.
Volltext	The study of pharmacy includes a final examination. Proof of passing the exam is a prerequisite for the license to practice medicine as a pharmacist. Pharmaceutical training includes: • a four-year degree in pharmacy at a university, • a clinical traineeship of eight weeks, • a practical training of twelve months, • the Pharmaceutical Examination, which must be taken in three sections. The exam sections of the Pharmaceutical Exam are taken: • the first stage after a degree in pharmacy of at least two years, • the Second Section after passing the First Section and after studying pharmacy for at least four years, • the third stage after passing the second section and after completing the subsequent practical training.
Erforderliche Unterlagen	Your application for admission to the pharmaceutical trial must include, among other things: • the birth certificate, in the case of married or registered partners also the marriage / civil partnership certificate
