Teaser	If you want to carry out blasting work, notify the local regulatory authority.
Volltext	As the person responsible for blasting with explosive substances, you must report the blasting to your local regulatory authority. You must also report any changes to the content of the notification or the documents after the notification has been made. The prerequisite is that you are the holder of a permit in accordance with § 7 or § 27 of the Explosives Act. Blasting in facilities that are approved in accordance with § 4 of the Federal Immission Control Act (e.g. in quarries) is exempt from the obligation to notify.
Erforderliche Unterlagen	In the notification you list: • The location, date and time of the blasting (in the case of several blasts, the period during which they are to be carried out), • the name and address of the persons responsible for the blasting and • the number, date and issuing authority of the valid permit in accordance with § 7 or § 27 of the Explosives Act and the valid certificate of competence in accordance with § 20 of the Explosives Act. In addition, please provide the following information or

Modul

Sachverhalt

documents:

- Description of the blasting work according to Type, method and scope of the blasting
 - technical blasting data, such as Type and maximum quantity of explosives and detonating agents to be used per blast
 - Distance of the blasting sites from buildings and facilities requiring special protection within a radius of at least 1000 meters, in particular from Hospitals, schools, old people's and children's homes, sports facilities and playgrounds
 - Safety measures, in particular Cover rooms for employees, barriers along traffic routes and precautions to protect neighboring residential and working areas against flying stones, vibrations, blasting fumes and noise
 - Scaled site plan (cordon plan) or documents with information on the distance of the blasting sites from traffic routes, residential and workplaces and public supply facilities within a radius of at least 300 meters
 - if required: Calculation and planning documents
- Expert opinion

Voraussetzungen

Permit in accordance with § 7 or § 27 of the Explosives Act

Kosten

none

Verfahrensablauf

Before you carry out blasting work with explosive substances, notify us in writing:

- An informal notification is sufficient.
- Attach the necessary evidence.
- Submit the notification and the required documents/notifications to the local regulatory authority in whose district the blasting is to take place.

Bearbeitungsdauer

Frist

Notification period: • at least 4 weeks before the start of blasting if several similar blasts are to be carried out within a site or for the implementation of a project, and • submission to the regulatory authority at least 1 week before any other blasting (individual blasting)
