Sachverhalt

If you want to apply for BAföG for an internship, the responsibility depends on whether the internship is related to school or university attendance. The office responsible for funding school or university education is also responsible for funding the internship.

If you want to apply for BAföG for an education abroad (school, university or a related internship), please contact the central international offices for educational support (which vary depending on the destination country).

Bearbeitungsdauer

Up to 10 weeks if the complete documentation is available (if no final decision can be made within this time, the offices are legally obliged to make payment subject to reservation).

Frist

You will receive BAföG at the earliest from the beginning of the month in which you start your training, but only once you have submitted an application. The date of receipt of the application is the date of application. Training assistance is generally granted for a period of twelve months. After this period, you must submit an application for further funding. To avoid interruptions in payment, you should submit the application for continued funding at least two months before the end of the approval period of the previous application.
