Teaser	Design approval for temporary structures
Volltext	<p>Temporary structures are structures that are suitable and intended to be repeatedly erected and dismantled at different locations. They require a construction permit (e.g. tent halls, carousels). This is issued by the inspection authority for temporary structures (TÜV Rheinland Industrie Service GmbH, Berlin regional division).</p> <p>The construction permit is issued for a limited period (up to five years) after successful examination of the documents submitted, including initial acceptance. It can be extended upon application. The construction permit, its extensions and all associated documents are summarized in a bound inspection logbook, which accompanies the temporary construction at all installation sites.</p>
Erforderliche Unterlagen	<p>The application for a building permit must be accompanied by the required construction documents in duplicate.</p> <ul style="list-style-type: none"> <li>a) Construction and operating descriptions,</li> <li>b) Construction drawings on paper, fabric or equivalent material (clear representation of the entire installation, for example on a scale of 1 : 100 or 1 : 50),</li> <li>c) individual drawings of the load-bearing components and their connections, for example on a scale of 1 : 10 or 1 : 5,</li> <li>d) structural verifications and safety verifications of the</li> </ul>
