Teaser	You have a driving license from a country of the European Union or the European Economic Area and have moved to Germany? Then you need to have your driver's license rewritten if an extension is pending.
Volltext	If you hold a driver's license from a country in the European Union (EU) or the European Economic Area (EEA) and have moved to Germany, you must have your driver's license transferred in the following cases: • the validity of your driver's license ends, • the validity of individual driving license classes ends. In the case of driving license classes that are limited in time in Germany (classes C and D as well as corresponding subclasses and trailer classes), the German period of validity applies. This also applies if no or longer periods are entered in the foreign driver's license. EU/EEA driving license for non-harmonized classes: If you wish to drive a motor vehicle in Germany, you must have your driver's license transferred. For EU/EEA driving licenses of harmonized classes (classes AM, A1, A2, A, B, BE, C1, C1E, C, CE, D1, D1E, D and DE): You do not need a transcription.
Erforderliche Unterlagen	• valid identity card or passport (with current confirmation of residence, if applicable)
