Sachverhalt

Eligible costs

Eligible costs are expenses for the implementation of the project weeks or project modules for

- Fees for external partners and specialists,
- Travel costs for pupils to extracurricular places of learning as part of school trips and excursions,
- material costs (materials, food, etc.).

Type and amount

The funding is provided as a non-repayable one-off grant or allocation (project funding) in the form of fixed-amount funding. The maximum amount of funding for an individual school per school year is calculated by multiplying the number of classes in grades 1 to 4 or 5 to 9 by EUR 100 when carrying out a project week. In the 2024/2025 and 2025/2026 school years, the maximum funding amount for an individual school per school year for the implementation of two project weeks is calculated by multiplying the number of classes in grades 1 to 4 or 5 to 9 by 130 euros. For schools with up to six classes, the funding amount in the 2024/2025 and 2025/2026 school years is 700 euros for one project week and 910 euros for two project weeks (basic amount).
