Teaser	If you have completed training abroad that allows you to work as a lawyer, you can have this qualification recognized. This recognition allows you to work as a lawyer in Germany.
Volltext	<p>Persons who are authorized in a member state of the European Union, in another state party to the Agreement on the European Economic Area or in Switzerland to work independently as a lawyer under one of the professional titles listed in the Annex to the Act on the Activities of European Lawyers in Germany (EuRAG) may apply to the competent examination offices for a determination of the equivalence of their professional qualification.</p> <p>With the determination of equivalence, the applicant can obtain admission to the bar in Germany. In addition to practicing as a European lawyer, he/she will thus be able to practice as a lawyer in Germany within the meaning of Section 12 (4) of the Federal Lawyers' Act (BRAO).</p> <p>If the equivalence of the professional qualification is successfully established, admission to the bar is also not subject to the requirements of integration pursuant to sections 11 et seq. EuRAG. In particular, admission to the bar does not depend on the applicant having already practiced effectively and regularly as a European lawyer in Germany for three years.</p>
