Volltext	<p>If you wish to purchase firearms requiring a permit for a shooting club, you can apply for the required firearms possession card to be issued to the club rather than to you personally.</p> <p>You must appoint a responsible person who must be reliable and personally suitable in terms of firearms law and who can provide evidence of the required expertise. This person does not have to be authorized to represent the club, i.e. not a member of the board, for example. If the responsible person leaves the association, you must inform the competent authority immediately and appoint a new responsible person within 2 weeks. Otherwise, the competent authority will revoke your permit to acquire and possess weapons (weapons possession card).</p> <p>It is recommended that you inform yourself in detail about the regulations of weapons law before submitting your application.</p>

competence has been acquired. The responsible person can also only obtain the certificate of competence for the weapons and ammunition that the shooting club wishes to acquire and possess.

- You must prove that you can store weapons and ammunition safely.

You must store weapons and ammunition safely. This generally means that only authorized persons may have access to weapons and ammunition. If you do not store your weapons and ammunition securely, you are committing an administrative offense for which a fine of up to EUR 10,000 can be imposed. In addition, this may cast doubt on the reliability of the person responsible under firearms law and the club's firearms possession card may be withdrawn.

When applying, you must provide details of the storage location and the container in which you wish to store weapons and ammunition. The storage requirements are based on § 13 of the General Weapons Act Ordinance (AWaffV). In cases of doubt, please contact the authority responsible for you.

In principle, you can use the following guidelines as a guide:

- You must store ammunition requiring a permit in a sheet steel cabinet/container with a swing bolt lock or an equivalent locking device.

- You need a gun cabinet to store long guns and handguns that require a permit. The type of gun cabinet you need depends on the number and type of weapons and/or ammunition you wish to purchase and own.

- You can store an unlimited number of long guns, up to 5 handguns and ammunition in a gun cabinet with resistance grade 0 in accordance with the DIN/EN 1143-1 standard weighing up to 200 kilograms.

- You may store an unlimited number of long weapons, up to 10 short weapons and ammunition in a gun cabinet with resistance grade 0 in accordance with the DIN/EN 1143-1 standard weighing over 200 kilograms.
