Teaser	Anyone carrying out activities involving pathogens must report any significant changes to the nature of the rooms and facilities, the disposal measures and the nature and scope of the activity.
Volltext	Anyone carrying out an activity involving pathogens must notify the competent authority immediately of any significant change in the nature of the rooms and facilities, the disposal measures and the type and scope of the activity. The termination or resumption of the activity with pathogens must also be reported. An activity with pathogens is the introduction of pathogens within the meaning of the Infection Protection Act (IfSG) into the Federal Republic of Germany, the execution, storage, delivery or working with them. Which other documents must be submitted together with the notification depends on the type of change (e.g. updated sketch of the location of the rooms in the case of structural changes) and should be agreed with the competent authority in advance if necessary.
