Sachverhalt

Private primary and secondary schools approved by the school authorities are granted lump-sum subsidies for the necessary personnel costs under the conditions specified in Art. 31 in conjunction with Art. 29 BaySchFG.

Eligible costs within the scope of Art. 31 BaySchFG include costs directly associated with the necessary personnel expenses for the operation of private primary and secondary schools:

- Costs for teachers who provide lessons in accordance with the approved timetables
- Costs for support teachers who are employed specifically to support school operations.
- Costs for state teachers who have been assigned to the school authority on application (para. 6). These include salaries, allowances, travel expenses and other service-related benefits.

Type and amount

The funding is granted as a subsidy. The type of grant is a project grant. The funding period covers the entire duration of the project.

The school authorities receive lump-sum grants for each school year for the necessary personnel costs in accordance with paragraphs 1 and 2 of Art. 31 BaySchFG. Benefits are only granted once the school has been in operation for at least two school years (grace period) without any significant complaints from the school supervisory authorities. During the first two school years, the grants are limited to 65% of the benefits according to Art. 31 Para. 1 BaySchFG. Schools with fewer than 14 pupils are not eligible for funding (para. 7 sentence 4).

The grant is calculated on the basis of the eligible teacher hours per week, which are based on fixed tables (Art. 31 Para. 2). The eligible teaching hours per week are multiplied by the flat-rate costs per teaching staff hour (§ 31 Para. 4). The lump sums are based on the annual salary of a state civil servant in salary group

Modul

Sachverhalt

A 12 (§ 31 Para. 5). Teacher hours per week of any assigned state staff are deducted from the calculated eligible teacher hours per week.

If a proportion of the weekly teaching hours are provided by teaching staff in grade A 10 or lower, the grant may be reduced proportionately:

- From 25 %: Reduction by 5%.
- From 50 %: Reduction by 10 %.
- From 75 %: Reduction of 15 %.
